Comparisons with Other Westchester / Putnam / Rockland School Districts

The Scarsdale Public Schools constitute one of 54 school districts in the Westchester / Putnam / Rockland region. The Clearinghouse of Educational Services, Putnam / Northern Westchester BOCES annually develops a comparative study of these 54 districts. Note: Many districts did not submit updated data, therefore we are unable to update this schedule for 2018-19 & 2019-20 actuals. NOTE: This data has not been updated from last year and is the best available data as of 1-29-21.

Per Pupil Expenditures Among Westchester / Putnam / Rockland Districts, 2017-18 Actual Expenditures	<u>Rank Order</u> 1 Highest 9 Scarsdale median 45 Lowest (9 not reporting)	<u>Total Expend. Per Pupil</u> \$56,410 \$32,318 \$28,489 \$19,396
True Tax Rates Among Westchester / Putnam / Rockland Districts, Using State Equalization Rates, 2018-19 Actual	<u>Rank Order</u> 1 Highest median 44 Scarsdale 54 Lowest	<u>True Tax Rate</u> \$27.42 \$17.91 \$13.87 \$7.97
Total Instructional Cost Among Westchester / Putnam / Rockland Districts, 2017-18 Actual Expenditures	<u>Rank Order</u> 1 Highest 18 Scarsdale median 48 Lowest (6 not reporting)	<u>Instruc. Cost Per Pupil</u> \$26,700 \$13,180 \$12,532 \$10,051
Central Administrative & Board of Education Costs Per Pupil Among Westchester / Putnam / Rockland Districts, 2017-18 Actual Expenditures	<u>Rank Order</u> 1 Highest median 35 Scarsdale 48 Lowest (6 not reporting)	<u>Admin.Costs Per Pupil</u> \$2,913 \$714 \$540 \$306
Debt Service Per Pupil Among Westchester / Putnam / Rockland Districts, 2017-18 Actual Expenditures	<u>Rank Order</u> 1 Highest 12 Scarsdale Median 48 Lowest (6 not reporting)	<u>Debt Service Per Pupil</u> \$11,071 \$2,092 \$1,566 \$0

Enrollment Summary

The enrollment projection for the 2021-22 school year forecasts an increase of 87 students in total pupil population from 4,630 to 4,717.

The projected K-5 enrollment forecasts an increase of 88 students at the elementary level from the current population of 1,964 to 2,052 pupils.

The projected enrollment for grades 6 through 8 at the Middle School is 1,150 pupils, a decrease of 4 over the 1,154 enrolled in 2020-21.

The High School enrollment is projected to increase by 3 pupils from the current 1,512 to 1,515.

See Appendix A for detailed pupil enrollment data.

DISTRICT ENROLLMENT - 10 YR TREND

Please proceed to the next page

Staffing Summary

The proposal increases professional staffing by a net of 10 FTE above the budgeted 2020-21 base of 479.2. The 2020-21 actual professional staffing was increased to 486.8 to account for the addition of virtual-only teachers, an additional special education teacher, and an additional ENL teacher, making the net actual to budget increase 2.4 FTE. There is a 5.2 FTE budget increase in the Civil Service staffing in 2021-22, inclusive of the addition of cleaners to each elementary building, resulting in 154.7 FTE. Overall, the proposed budget supports a professional staff of 489.2 FTE and a Civil Service staff of 154.7 FTE.

Elementary Schools

Projected elementary enrollment, class-size guidelines and program needs determine elementary school staffing. The proposed 104 elementary classroom sections are projected to be two more than in the 2020-21 budget (though 2020-21 actual included 108 sections to account for virtual only instruction). In addition to the 104 class-size sections, there are currently 13 co-taught classes and two special classes serving the needs of our special education students along the continuum of services. The 2021-22 enrollment projects the need for an additional 1.0 FTE for the integrated co-teaching classes, bringing the total to 14. The budget also includes the addition of 4.0 FTE as an enrollment contingency to account for the possibility of continued virtual only instruction for some students in the fall, along with any unanticipated enrollment increases. The proposal maintains the District's class size maximum of 22 pupils for grades K through 3, and 24 for pupils for grades 4 and 5. This class-size practice results in an average class size of approximately 20 pupils.

Middle School

The proposed staffing remains flat for 2021-22 at 107.1 FTE positions at the Middle School.

High School

The proposed budget supports 159.4 FTE, which includes the addition of 1.0 FTE special education teachers, and an increase in Speech services from 0.6 to a full 1.0 FTE position.

District-wide

The 19.4 FTE District-wide positions include central office administrators and teacher leadership positions assigned across the schools and across the grades. The proposed staffing for 2021-22 mirrors that of 2020-21, with no increases or decreases.

Civil Service

The Civil Service staff is comprised of nurses, occupational therapists, secretaries, custodians, maintenance and grounds workers along with middle managers and District services personnel. The proposed budget continues 5.0 FTE cleaner positions that were added after the 2020-21 budget was adopted, and also includes an additional 0.2 FTE for the psychologist secretary at Scarsdale Middle School, a change proposed but eliminated in the 2020-21 budget process. The overall result in a budgeted staff of 154.7 FTE, a budget to budget increase of 5.2 FTE.

Paraprofessional

The part-time paraprofessional staff includes teacher aides, school aides, principal aides, special education aides, and ESL aides. Most of the aide assignments are based on formulas, which are driven by enrollment and other variables.

Bus Drivers

The District employs 63 part-time bus drivers to meet the needs of the transportation program.

TOTAL DISTRICT-WIDE STAFFING

	<u>Budget 2020-21</u>	<u>Actual 2020-21</u>	Proposed Budget to Actual Increase (Decrease)	<u>Projected 2021-22</u>
High School	158.0	158.0	1.4	159.4
Middle School	107.1	107.1	0.0	107.1
Elementary Schools	194.7	201.3	2.0	203.3
District-wide	19.4	20.4	-1.0	19.4
Total Professional	479.2	486.8	2.4	489.2
Civil Service Personnel	149.5	160.0	-5.3	154.7
Total District-wide Staffing	628.7	646.8	-2.9	643.9

The District also employs part-time paraprofessionals and bus drivers as described in **Appendix F**

Staffing Ratios Compared to County and Region*

Based on 2018-19 data supplied by the Information and Reporting Services division of the State Education Department, Scarsdale compares with Westchester County and Regional staffing ratios as follows:

Number of Students Per Staff Member

	Scarsdale Schools	Westchester County	Mid-Hudson Region
Administrative Staff	107.3	146.9	139.9
Central Administration	1180.5	1116.1	1001.2
Program Administration	196.8	455.7	383.2
Principals & Asst. Principals	295.1	269.2	282.4
Other Non-Teaching Staff	429.3	546.9	386.8
Guidance Counselors	363.2	388.2	388.8
Nurses	524.7	902.1	646.9
Psychologists & Psychiatrists	393.5	410.6	438.5
Librarians	590.3	987.0	896.6
Classroom Teachers	11.7	12.6	12.3
Para-Professional Staff	13.0	15.5	15.3
Teaching Assistants/Aides	29.6	33.3	39.7
Other Para-Professionals	23.2	29.0	25.0

NOTE: This data has not been updated by NYS for 2019-20 yet - as of 1-20-21.

*This data is reported annually by school districts to the New York State Education Department, and can be found here: <http://www.p12.nysed.gov/irs/pmf/>. Please note the data format presented above differs from past years as a result of a change in the way New York State reports this data.

* Also includes Sales Tax Revenue, and PILOT Tax Revenue.

Revenue Narrative

Six sources of revenue are available to support budget expenditures: State Aid, Prior Year Surplus, County Sales Tax, Transfer from Reserves, Other Receipts, and Property Taxes.

STATE AID

The 2021-22 State Aid revenue is estimated at \$6,300,079, a 6.49% increase over the current year's projected actual. The Governor's current proposed budget for 2021-22 was basically flat, however NYS currently has an estimated \$15 Billion deficit. Our 2020-21 and 2021-22 estimates include a Pandemic Deficit Reduction (PDR) of \$920,488 similar to the annual adjustments made related to the financial crisis of a decade ago. It should be noted the Deficit reductions from the financial crisis a decade ago lasted six years. The District began to receive Building Aid in 2018-19 related to the substantially completed \$18.12 million Bond (2014) project. Building Aid related to the \$64.9 million Bond (2018) Project will begin in 2020-21 and will result in the \$367,368 increase in building aid estimated for the 2021-22 school year. However, the Building Aid related to major projects from 17-18 years ago will end resulting in significant net decreases in Building Aid beginning in the 2023-24 budget year.

PRIOR YEAR SURPLUS

This budget returns current year surplus of \$2,250,000 to offset next year's tax levy. This is \$500,000 greater than the 2020-21 level. \$800,000 of the \$2,250,000 is directly related to the \$800,000 COVID contingent expense budget that is currently part of the 2021-22 school year Budget.

COUNTY SALES TAX

The County sales tax is apportioned between the County, towns and villages and school districts, according to statute. Of the three levels of government, school districts receive the smallest percentage. In 2019, the County increased the Sales Tax and the allocation to schools which was estimated to bring approximately 40% more in revenue than previous years. For 2020-21, the estimated sales tax revenue budget was decreased by 25% to attempt to capture the anticipated reductions in spending as a result of the COVID shutdowns throughout the County. A full year of collections for 2020-21 was originally expected to record \$1,525,000 in Sales Tax revenues, but was later reduced to \$1,143,750. Fortunately the decrease in spending appears to be much less than we expected. We now expect to collect \$1,422,783 for 2020-21 and are projecting 2021-22 to be back to normal with a budget of \$1,550,000.

OTHER RECEIPTS

This category includes interest from investment of District funds, charges to other districts for mandated services for students at Immaculate Heart of Mary, fees for use of school buildings by community groups, taxes collected by other municipalities when property lines cross District boundaries, and income from miscellaneous sources. The District also receives tuition for out-of-District students who attend special education classes in Scarsdale; currently one student. Interest income for 2020-21 has been very minimal as a result of the recent decrease in the federal funds rate to near zero. We expect 2021-22 to rebound slightly and have kept the budget flat year to year, while other revenues such as boundary line taxes are also projected to remain flat. In 2019-20 building rental revenue was \$78,000 under-budget and we have not rented our buildings in 2020-21 resulting in a \$116,000 deficit. We anticipate 2021-22 to be back to normal and have kept the budget flat year to year.

PROPERTY TAX LEVY

The Board of Education determines, and the community votes on, the total amount of funds needed to operate the District. Anticipated revenues from sources other than taxes (above) are subtracted from this total; the balance of revenues comes from local property taxes from the towns of Scarsdale and Mamaroneck. Equalization rates set by the Westchester County Tax Commission and the assessment rolls of the two municipalities determine the taxes to be allocated and collected from each municipality. Scarsdale's Equalization Rate changed from 0.9475 last year to 0.9880 for 2020-21 causing a shift and increasing the amount of property tax that Mamaroneck residents are responsible for as compared with Scarsdale residents. The assessments on Page 15 used in calculating the Tax Rate on Page 16 are estimates and will not be finalized until June; therefore the actual Tax Rate will differ somewhat from these estimates.

The "maximum allowable tax levy limit" will vary from district to district. Under the New York State "tax cap" law, the District's tax levy for 2021-22 may increase by 2.16% as shown on page 14. This budget proposes tax levy growth of 2.15%, which is below the maximum allowable under the law. A more detailed discussion and calculation of the tax levy limit is shown on pp. 13-14. In addition, under current law a portion of the tax levy comes from the School Tax Relief Program (STAR). Please see **Appendix C** for the STAR tax calculations for the "average home" and to determine if your home and your income level qualifies for the STAR program.

PROPERTY TAX LEVY CAP AND FIVE YEAR BUDGET COMPARISON

Property Tax Levy Cap

The property tax cap law, enacted in Chapter 97 of the Laws of 2011, restricts tax levy increases for local governments, most school districts and other smaller independent entities, such as library, fire or water districts, to no more than two percent, or the rate of inflation, whichever is lower (prior to allowable adjustments). State law requires localities to calculate their tax levy limits and report their computation information to the Comptroller's office before they adopt annual budgets.

Most local governments can override the cap with a 60 percent vote by their governing body. In the case of a school district, 60 percent of the voting public must approve the override.

For school districts, Education Law §2023-a specifies a "cap" of the lesser of two percent or inflation (the tax levy limit), but not less than the prior year's levy. This baseline cap is then adjusted by several factors to produce a "maximum allowable tax levy limit." This levy limit can be higher than two percent.

The increase in the levy serves as a threshold or trigger for determining what percentage of voters will be required to approve the budget. Exclusions from the cap include pension contribution rate increases greater than two percentage points, certain large legal expenses (tort actions), and the local share of capital expenditures.

If a district seeks an increase greater than the tax levy limit, approval by 60 percent of voters is required. If the district requests an increase at or under the limit, approval by a simple majority (50 percent plus one vote) suffices. Districts are permitted two chances to obtain voter approval. If voters do not approve the budget in the second vote, the levy is capped at the prior year levy.

This proposal calls for a tax levy increase **which is less than the tax cap**; therefore a simple majority approval is required in the current year.

See page 14 for the calculation of the current year's tax cap.

School Year	Budget	% Growth	Tax Levy %	Tax Cap %	\$ (Under) / Over Cap
2015-2016	148,048,080	-0.10%	2.58%	2.97%	\$ (529,865)

* NOTE: In 2013 Mamaroneck completed a revaluation.

** NOTE: In 2014 Scarsdale completed a revaluation.

Expenditure Summary

The expenditure budget is the most accurate indicator of District fiscal control, since it reflects the Board's decisions about how to deliver the educational program. While the District has little to no ability to control expense items such as pension contributions, special education costs, or energy prices, it does control the overall investment in the educational program, principally by supporting the salary and benefits of our professional educators and support personnel. The largest component of this budget- almost 80%- is staff salary and benefits. This percentage of total expenditures is typical in the region.

The total dollar value of the 2021-22 proposed budget is \$166,862,755 and represents an increase of 2.56% when compared with the 2020-21 budget. The proposed 2021-22 budget supports the current educational program while expanding our ability to provide in-district programs for special education students. Overall, the plan is based on the goals and objectives of the School District as set forth in the District's Strategic Plan. The proposed budget decreases the amount of Capital Project spending significantly. It is the plan to formulate another bond proposition for the voters in the near future.

Principals and department heads review requests for funding. Their proposals then go to the Administrative Cabinet, led by the Superintendent, for further review. The final proposed budget reflects a thorough and careful analysis at each level.

This budget maintains traditional class sizes and continues to fund a rigorous and rich academic program. Programs addressing sustainability, global interdependence, critical thinking, differentiation of instruction, and a renewed focus on assessment, all integral to the mission of educating students for the 21st century, continue to be incorporated into the fabric of the educational program. This budget has a net increase of 2.40 FTE teachers based on mandates and best practices in alignment with the District's Strategic Plan.

Total enrollment is projected to increase by 87 students. An increase of 88 students is forecast among the five elementary schools, while enrollment decreases of 4 students are forecast for the Middle School and a 3 student increase is expected at the High School. There is a net increase of 1.0 FTE at the elementary level associated with the enrollment change. In addition, there is an increase of 1.0 FTE at the elementary level and 1.0 FTE at the High School for Special Education positions.

Significantly, in 2020-21 there are estimated increases in salaries for six bargaining units whose contracts all expire on June 30, 2021. In addition the budget includes funding 5.2FTE Civil Service staff and 2.4FTE professional staff. For 2021-22 the mandated contributions to the Teachers' and Employee Retirement Systems will remain relatively flat. The return on the systems' investment portfolios mirrors the experience of the investment markets, but with a lag. The systems assess each school district an amount derived by using a five-year average of investment returns and other actuarial factors.

The self-insured employee health plan is increasing by 5.50% on a budget-to-budget basis after a 3.25% decrease in 2020-21. This represents only a 1.47% increase when compared to the 2020-21 estimated actual expenditures of \$17.4 million, which includes an estimated \$350,000 of costs related to COVID testing of staff. Premium contributions continue to be in effect for all employees groups, which assists in mitigating insurance increases. The District also maintains a health insurance reserve of \$5.18 million as of June 30, 2020. This reserve assists in mitigating risks against market and experience swings. Early projections pointing to a current year deficit of \$666,504 are expected to decrease the overall surplus to \$4.51 million as of June 30, 2021.

I. GENERAL SUPPORT

Board of Education

This budget provides for Board of Education activities, including the District Clerk salary. Included are supplies for meetings and elections, voting machine rental and printing associated with the annual election, Board consultants, and travel where necessary. The 2021-22 Budget represents a 15.63% increase compared to the prior year budget. These increases assume that we will have in person voting going forward, but will continue to also have a significant increase in absentee balloting. The 2020-21 projected actual expenditures and the 2021-22 budget are anticipated to expend less than the 2019-20 year where the District absorbed significant costs related to 100% mail in balloting.

I. GENERAL SUPPORT (Continued)

Central Administration

This budget, totaling \$2,795,224, supports the District's Central Office. It is projected to increase by 3.39% compared to current year estimated actual costs, due primarily to contractual increases.

Superintendent's Office

This budget provides for the Office of the Superintendent, including salaries, office supplies, memberships, and programmatic or organizational consultants. Included are the Superintendent, his executive assistant / District Clerk and secretary to the Board of Education, and a secretary.

Finance Office

The office includes the Assistant Superintendent for Business and Facilities, an administrative assistant, treasurer / finance position and an assistant business manager, a clerical purchasing position, a payable position, a bookkeeping position, two accountants, a statutory internal claims auditor (two hours per week) and a District messenger. The office is responsible for budgeting, budget management, accounting, payroll, purchasing, investments, borrowings, audit, risk management, school safety, and mail distribution. The Assistant Superintendent also supervises the facilities management, food services, and student transportation functions; the position is also designated as the records access officer.

Legal Services

This section of the budget provides for outside legal services, including labor negotiations and certain tax certiorari challenges. Legal services related to Special Education are provided for in the Special Education budget on page 43.

Personnel Office

This budget provides for the District's recruitment, labor relations and negotiations, personnel, and benefits management functions. Staff includes the Assistant Superintendent for Human Resources and Leadership Development, and three assistants. It also includes paid employment advertising, security clearances for new hires, and the costs for recruiting and advertising using BOCES services. This budget includes funding for administrative professional development associated with a contractual obligation, as well as partial support for current teacher leaders to participate in an administrative certification program in collaboration with BOCES.

Public Information

This budget includes production requirements associated with the District newsletter and the salary of the public information assistant, who handles writing, media relations, photography and copy editing for District print and online materials. Contractual expense relates to purchased services for the printing and layout of District publications such as "Insight" and the budget mailer as well as a contractual agreement for maintenance of the District Web site.

I. GENERAL SUPPORT (Continued)

Facilities Department

The 2021-22 Facilities budget is divided into two parts. The first, Plant Operations, includes expenses relating to the daily operation of the buildings, as well as departmental supervision. The department also supervises capital construction projects and facilities use by outside organizations. The second part, Plant Maintenance, funds the repair and upkeep of District buildings and grounds. Also included in this budget are expenses associated with Safety, Security, and Emergency Management.

The 2021-22 Plant Improvement budget, funding major maintenance and infrastructure projects, is budgeted in two areas: as a “Transfer to Capital Projects Fund,” (p. 18-19), and also in the Facilities budget as “Plant Improvements.” Projects included in the Transfer to Capital Projects Fund will typically be larger projects and include architectural design costs. All these projects are identified in the District’s Master Facilities Plan consisting of items from the following components: Building Condition Survey, Roofing Master Plan, Fields Master Plan, Building Committee, Sustainability, Playgrounds or Other Identified Items. Projects in the Transfer to Capital Projects Fund are excludable in the calculation of the tax cap limit.

Excluding the Plant Improvement and Transfer to Capital Projects Fund budget, the Facilities budget totals \$12,477,196, an increase of \$693,826 (5.9%) compared to 2020-21. Most of the increase in Plant Operations is due to the proposed addition of 5.0 FTE cleaners (\$355,678) which will allow the District to enhance normal cleaning protocols in its elementary buildings. In addition to staffing and contractual salary increases, other increases include an increase in security related equipment expenditures (\$138,675) and contractual expenditures related to Safety Monitors and security consultants (\$35,415). The Plant Maintenance portion of the Facilities budget is proposed to increase by \$166,391. Major drivers in this budget are an increase in equipment due to the purchase of a pick-up truck w/pLOW (\$45,000), an increase in contractual expenses related to HVAC and electrical maintenance (\$50,000). The annual appropriation for planned repairs/plant improvements is \$630,000 which is an increase (\$5,000) from 2020-21. The Transfer to Capital Projects Fund budget is \$485,000 for the continued renovation of the High School auditorium. This budget is \$379,000 lower than the current year and is being entirely being funded by a non-recurring transfer of \$485,000 from the Debt Service Reserve. Specific funding requests are shown on page 30.

- Budgeted staffing levels for 2021-22 are 5.0 FTE more than current year levels.
- The contractual and building equipment lines fund maintenance and inspection of HVAC, elevator, playground, gym and other building equipment. Snowplows and other snow removal equipment are replaced as needed. Also included in this category is the purchase of on-site composting supplies and carting in support of the District’s sustainability initiative.
- Funding for general refurbishment in individual buildings remains the same as last year. Principals designate these funds for specific projects. Requests for building refurbishment often exceed allocations.

Facilities Department (Continued)

Safety, Security, and Emergency Management

The 2021-22 Safety, Security, and Emergency Management budget lies within the budget for the Facilities department. Included in this budget are expenses associated with the District's security firm including our Chief of Safety, Security, and Emergency Management. Also included are funds for safety and security related supplies and equipment. Funding for those expenses associated with social-emotional support are funded within our Pupil Personnel Services budgets.

Continued in the 2021-22 budget is funding for safety monitors in our buildings at current levels. Safety Monitors are provided through a contractual arrangement with a third-party security service. All Safety Monitors are screened by the District before placement and are provided training to familiarize them with our schools. In addition to visitor management, safety monitors provide indoor and outdoor roaming safety and security coverage when school is in session and indoor monitoring whenever students are in attendance outside of the regular school day attending school sponsored activities such as athletic events and concerts.

The 2021-22 budget amount of \$1,389,386 is \$169,315 higher than the current year due primarily to an increase in funding for the purchase of security related supplies and equipment (\$133,900). Specific funding requests are shown below.

- Safety Monitor contractual services: \$873,393
- Security consultation through Altaris Emergency Management Group including the Chief and Safety, Security and Emergency Management: \$173,893.
- Funding for safety and security related supplies and equipment: \$342,100.

*The total Plant / Capital Improvements budget for 2020-21 is \$1,115,000. This is \$374,000 less than the prior year combined Capital and Maintenance Plant Improvement budgets and \$1,429,000 less than the 2019-20 year. See page 30 for a detailed listing of all projects.

A. Notes to Plant Operations Budget

1. Salaries and Overtime

These budget lines cover salaries for custodial services and facilities administration, including the director of plant services, an assistant director responsible for custodial and maintenance staff, a supervisor of special projects, one secretary, and a part-time office aide to handle community use of buildings. Salaries are contractually negotiated. The budget includes 53 custodial and cleaner positions for the 2021-22 school year. In addition to general cleaning, the elementary daytime staff sets up and breaks down classroom equipment to accommodate multiple uses of space, especially large instructional spaces.

Custodial overtime increases slightly each year to reflect salary growth. Extraordinary weather conditions can also affect this line, although unpredictably. Shift schedules and staffing levels are continually reviewed to accommodate the building use that drives the overtime costs.

2. Equipment, Supplies and Contractual Services

The budget for equipment is increased by \$133,900 due to an increase in safety and security related purchases. The supplies budget includes items purchased for staff in accordance with the labor contract: work boots, uniforms, etc. and remains unchanged from the current year. Contractual services is increased by \$35,415 primarily due to inflationary increases related to security management and building safety personnel services.

3. Utilities

Utilities are either purchased from single source suppliers or bid in the open market. Heating and electrical consumption are related to outside temperature and usage, and the buildings' use at night for community activities. The energy market remains volatile. Burners may be switched daily between gas and oil, depending on price and temperature. Fuel oil and gas costs are anticipated to remain stable by in 2021-22. The budget for utilities is increased by \$9,618 due to an increase in water and sewer charges.

The New York Power Authority (NYPA) provides electricity to the District. A contract with Westchester County government and its subdivisions permits electricity charges to fluctuate based on market factors. Delivery charges from Con Edison pass through the NYPA billing. The NYPA generation charges continue to fluctuate as their costs are more closely tied to fuel oil and natural gas commodity price changes. The 2021-22 budget in this area remains unchanged from the current year.

4. Contractual and Other Services

These line items represent services associated with the daily cleaning and operation of the facilities.

B. Notes to Plant Maintenance Budget

1. *Salaries*

These budget lines cover salaries for the District's grounds and maintenance services. Salaries are determined contractually. The District employs six grounds maintenance staff and six building maintenance personnel. The latter includes a maintenance supervisor, a maintenance mechanic, a plumber, a plumber/boiler mechanic, an electrician, and two carpenters. The District employs seasonal workers from April through November to assist in maintaining the District's 118 acres of grounds.

2. *Equipment*

These lines fund equipment for building maintenance and grounds upkeep. The 2021-22 equipment budget is increased by \$39,055 compared to 2020-21 primarily due to the planned purchase of a replacement pick-up truck with snowplow.

3. *Contractual Services – Maintenance*

Outsourced services and contracts provide some maintenance for buildings and building systems, grounds, and equipment. Some of these are ongoing (HVAC systems, window repairs, annual tree pruning, elevator, playground, and gymnasium equipment inspections, security system monitoring, and gutter maintenance). Others address unanticipated problems such as leaks, glass breakage, vehicle breakdowns, etc.

4. *504 Accommodations*

Included in an equipment line, this area of the budget funds building accommodations mandated by Section 504 disability determinations, an unfunded federal mandate. The facilities director works with the special education director in determining reasonable and appropriate accommodations as required by law, and with the Assistant Superintendent for Human Resources for needed accommodations for staff. This line is funded at \$25,000 for 2021-22.

5. *Building Maintenance Projects - Principals' Allocations*

Each principal annually reviews the needs of his/her building and sets priorities for work requests, based on enrollment needs, program improvements, and general building appearance. Requests are reviewed with the Director of Facilities. Final determination of approved projects occurs once budget appropriations are approved. These allocations total \$129,150 which is a \$48,450 decrease from 2020-21.

C. Special Projects and Transfer to Capital Projects Fund

The following is an update of previously funded facilities improvements, and a list for 2021-22 that includes the highest-priority projects. These address safety, security, program, and maintenance issues. The total request is \$1,015,000 consisting of \$630,000 in Plant Improvement Projects and \$485,000 in Transfer to Capital Projects.

Update on Previously Funded Projects

- At the High School, an aging elevator in the Science wing was de-commissioned, resulting in additional storage spaces. Budget \$200,000. Final Cost: \$161,884
- District-wide, the Building Conditions Survey has identified a long list of smaller project items to be repaired or replaced which impact the safety, security, health or comfort of building occupants. Prioritized items within budget parameters continue to be completed throughout the school year. Budget: \$100,000. Final Projected Cost: \$100,000
- At the High School, major renovations to the auditorium were identified as being necessary in maintaining and enhancing this highly used space during the 2014 Bond Project planning but were ultimately deferred. Identified renovations to the auditorium include seating and stage lighting replacement, acoustical improvements, and rigging replacement. Total estimate: \$1,950,000 – This project has been split into multiple phases. Phase one work related primarily to safety matters is schedule for Summer 2021– Budget \$700,000. Final Cost: TBD.
- District-wide, there were numerous small asbestos abatement projects associated with the replacement of aged floor tiling. Budget: \$75,000. Final Cost: \$47,841
- District-wide, roof repair and brick re-pointing were included in the 2020-21 budget. Budget: \$250,000. Final Cost: \$203,463

Requested Projects 2021-22

- At Edgewood and Fox Meadow, the installation of LED lighting fixture in hallways. Budget: \$100,000
- At Heathcote, safety improvements including the replacement of aging emergency egress doors, the installation of additional exterior lighting, repairs to the building's foundation in specific areas and handicap accessibility improvements in the nurse's office. Budget: \$165,000
- District-wide, installation of hard-wired carbon monoxide detectors which will be connected to central alarm systems. Budget: \$125,000.
- At the High School, major renovations to the auditorium were identified as being necessary in maintaining and enhancing this highly used space during the 2014 Bond Project planning but were ultimately deferred. Identified renovations to the auditorium include seating and stage lighting replacement, acoustical improvements, and rigging replacement. Total estimate: \$1,950,000 – This project has been split into multiple phases. Funding for phase one work related primarily to safety matters was included in the 2020-21 budget. Phase 2a consisting of stage lighting replacement is proposed for inclusion in the 2021-22 budget to be offset (net zero tax impact) in total by a Transfer from the Debt Service Reserve. Budget \$485,000.
- District-wide, roof repair and brick re-pointing as identified by the District's roof consultants. Budget: \$165,000.

At the Bus Compound, renovations are required to assure that this building remains viable for future use. Budget: \$75,000

C. Special Projects and Transfer to Capital Projects Fund (Continued)

LOCATION	PROJECT	PLANT IMPROVEMENT	TRANSFER TO CAPITAL	TOTAL AMOUNT
Edgewood	LED lighting installation in hallways	\$50,000		\$50,000
Fox Meadow	LED lighting installation in hallways	\$50,000		\$50,000
Heathcote	Door replacement for emergency egress, Exterior lighting improvements, Handicap accessibility and Foundation repair	\$165,000		\$165,000

District-wide	Carbon Monoxide Detector installation	\$125,000		\$125,000
Bus Compound	Renovations	\$75,000		\$75,000
	Grand Total 2021-22 Budget	\$630,000	\$485,000	\$1,115,000

I. GENERAL SUPPORT (Continued)

Administrative Technology Budget

This budget funds the District's administrative technology services, which consist of District data and application support handled by the Data Services team, as well as desktop hardware/software support for administrative users handled by the Technical Services team. Both teams report to the Director of Information Technology and Chief Information Officer, whose salary is included in this budget.

The Data Services team manages the student information system (Infinite Campus), which includes District census information, District-wide attendance reporting, student scheduling, health records, report cards, the parent portal, and the online student registration system. The team oversees District-wide systems that support the finance, human resources, food services, transportation, and facilities departments. The team is also responsible for state and federal reporting related to student and staff data.

The Data Services team continues to implement new technology solutions and enhancements throughout the District.

This budget was increased by \$11,000 to cover software license increases, as well as the cost for new programs to streamline operational processes, such as e-signature software.

I. GENERAL SUPPORT (Continued)

Special Items

This section of the budget contains unrelated items that are District-wide in nature. They are, in effect, part of the “cost of doing business” inherent in any organization. These include liability insurance, District memberships, BOCES administrative assessments, and an allowance for tax certiorari claims.

1. District Insurance

This line provides for the purchase of District-wide liability insurance from the New York Schools Insurance Reciprocal, a not-for-profit consortium owned by the component school districts. This includes general property and liability policies, flood insurance, cyber coverage, Board liability and an umbrella policy, as well as student accident insurance, underground storage tank insurance and surety bonds, all from separate carriers. The budget shows an increase of \$28,441, or 4.67% compared to the current year estimated actual, and an increase of 0.83% compared to the current year budget.

2. District Memberships

This line provides for District memberships in state, local and national school boards’ associations, and various curriculum-related organizations.

3. BOCES Administrative and Facilities Fees

This line represents a required assessment from Southern Westchester BOCES for administrative costs, as well as rental fees for classroom space in lower Westchester. It will increase by \$55,745 compared to the 2020-21 budgeted assessment, a 7.23% increase. This budget represents Scarsdale’s share of the BOCES overhead based on enrollment and student attendance. **See Appendix D for a 10-year history of BOCES assessments.**

4. Tax Certiorari Appropriation & Refund of School Taxes

The Tax Certiorari Reserve balance as of June 30, 2020 was \$5,985,503. The projected balance for June 30, 2021 is \$5,489,003 based on estimated refunds of \$725,000. Actual refunds of less than \$725,000 will result in a higher reserve balance as of June 30, 2021 whereas refunds higher than \$725,000 will result in a smaller reserve balance as of June 30, 2021. The 2021-22 Budget, includes \$375,000 to help fund future Tax Certiorari settlements / reserves, while \$25,000 continues to be included in the 2021-22 Budget to be used for tax refunds that are covered under other parts of NYS law that are specifically not defined as Tax Certioraris. **See Appendix E for a 10-year history of tax certiorari settlements.**

II. INSTRUCTION

Assistant Superintendent for Curriculum, Instruction, and Assessment Office and Principals' Offices

The Assistant Superintendent for Curriculum, Assessment, and Instruction is responsible for coordinating the K-12 curriculum, strategic plan implementation, staff development, and supervision of coordinators and specialists. This office is also responsible for standardized testing at the elementary schools, including the hiring of translators, test security, correction, and coordination of state reporting with the Administrative Technology staff.

This part of the budget also funds building-level supervision, including the salaries for all principals and assistant principals as scheduled by contract, and the operating expenses of principals' offices in the seven schools.

II. INSTRUCTION (cont'd)

Staff and Curricular Development

Ongoing professional development for teachers is an integral component of the educational program. Such development takes a number of different forms.

Program Improvement

\$487,101

This budget funds projects for the implementation of the strategic plan. Last year, 130 curriculum projects were funded, most of which were related to Curriculum and Instructional adaptations to virtual and hybrid at the Elementary, Middle School and High School level. This summer there are ambitious plans aligned to the 13 goals of our strategic plan. This allocation, increased from last year's \$436,757, will fund additional projects to prepare for opening the 2021-2022 school year.

Arts and Aesthetic Education Initiative

\$85,633

The investment in arts and aesthetic education addresses the District's strategic goals. Included in this budget are funds for: (1) Alvin Ailey programs in the schools; (2) relationships with external art institutions; (3) visiting artists and associated programs.

Interdependence Institute

\$42,549

The Interdependence Institute fosters the development of intercultural skills that teachers and students need to deepen global understanding and broaden their international perspectives. Through partnerships and exchanges, students and faculty develop the skills needed to successfully navigate the complexities of an increasingly interdependent world. The Interdependence Institute will also co-sponsor author visits to examine racism and bias in all its forms in the United States.

Scarsdale Teachers Institute

\$310,594

The Scarsdale Teachers Institute (STI) provides continuing education to Scarsdale faculty. STI is funded by the District and teacher tuition. The District funds the administrative salary of the STI Director and provides an allocation for support of the STI program. The funding level for STI is contractually negotiated with the Scarsdale Teachers Association.

Center for Innovation

\$32,000

The purpose of the Center for Innovation is to re-imagine teaching and learning, develop new models of instruction, explore the role of technology in transforming instruction, and to foster widespread change, beyond a single classroom or teacher. The allocation will fund teacher project proposals, consultants, speakers for faculty and community, conferences, and site visit expenses. We are expanding our cohort of Innovation Ambassadors to include a wider and more diverse group of educators across the District.

Professional Development

\$369,200

Teacher Grants \$154,000

This section funds competitive project grants. Each year, approximately 100 teachers receive funds for conference attendance, school year research, or workshops. Individual awards are limited to \$1,100 per year. The total funding is negotiated in the contract with the Scarsdale Teachers Association.

Instructional Improvement (Academic Subjects) \$215,200

The budget supports the professional development of elementary grade teachers. This allocation will fund professional developers/consultants who are working with classroom teachers at all five schools on strategies for implementing the District's balanced literacy and math programs in a more consistent and coherent manner.

Sustainability Initiative

\$140,000

The budget includes funding for sustainability projects in all schools and the school gardens program that includes in-class instruction and organic garden work.

Curriculum Research and Assessment

\$43,850

One of the District's strategic goals is to use data to improve instruction. This budget includes \$12,000 to bring in committees of college professors who work with teachers to develop, validate and assess High School curricular offerings. This budget also provides \$31,850 to assess the District's strategic initiatives and evaluate the ongoing impacts (positive and negative) of hybrid and remote learning.

II. INSTRUCTION (Continued)

Teaching – Day School Program

This section of the budget funds salaries and other instructional costs for regular education teaching staff.

The current one-year contract extension between the Scarsdale Teachers Association and the Board of Education is set to expire in June, 2021, so salary increases beyond the 2020-21 school year are as yet unknown. The Board and the Scarsdale Teachers Association are currently in negotiations. If a contract cannot be agreed upon, step and lane movements must be paid in accordance with the previous contract (Triborough Amendment to the Taylor Law).

The District has made a long-term effort to recruit and retain highly educated and effective teachers by providing salaries that have historically been among the most favorable in the metropolitan area. This plan has enabled the recruitment of veteran faculty from public and independent schools across the country. It has been particularly important in view of the challenges of attracting professionals to a community that is widely known for its demanding expectations for instruction, and the area's high cost of living.

The structure of Scarsdale's salary schedule is typical for districts in Westchester County.

At the elementary schools, enrollment projections show a need for two less classroom teachers overall when compared with last year's actual, however the budget also includes the addition of 4.0 FTE as an enrollment contingency to account for the possibility of continued virtual only instruction for some students in the fall, along with any unanticipated enrollment increases. When including the contingent positions, the FTE would increase by 2.0 positions.

At the High School, anticipated course enrollments and student support needs indicate the need for level staffing, resulting in no net change budget to budget includes the addition of 1.0 FTE special education teachers, and an increase in Speech services from 0.6 to a full 1.0 FTE position.

Appendix B reflects additions and subtractions to staff.

Non-salary instructional costs are allocated to each building on a per-pupil basis. Principals assign these funds to specific departments based on need. Four years ago, as part of the 2015-16 budget, funding was increased by 5% to address the rising cost of textbooks and supplies. Prior to 2015-16 these allocations had been reduced by 17% compared to the 2009-10 level. Additionally, in 2017-18 the District increased the per-pupil allocations by another 1.25%, held flat for 2018-19, increased 2.5% in 2019-20 and lowered again by 5.0% for 2020-21 even though CPI has increased 1.81% in 2019. The 2021-22 budget allocation per building are being held flat even though CPO has increased in 2020 by 1.23%.

The STA/BOE negotiated agreement reflects the extracurricular activity stipends. **See Appendix G, pp. 1-2 for a detailed listing.** Please note, these appendixes for extracurricular activity stipends have not been updated for 2020-21 or 2021-22 although estimated negotiated increases are included in the current year budget lines.

II. INSTRUCTION (Continued)

Special Education Budget

This section of the budget funds instruction for pupils with special educational needs. State and federal laws regulate much of the special education program for all eligible children from 3 to 21 years of age. Scarsdale has created a comprehensive system of services aimed at complying with the mandates of the applicable laws. To the maximum extent appropriate, students participate in the general education curriculum, but they may also receive added support in general education classrooms, part-time special education settings (Learning Resource Centers), full-time special class, or co-taught settings. The District will continue to contract for services from neighboring districts, BOCES, and private day and residential facilities when these are appropriate for the child.

This year's budget allocation maintains all current special education services and the ability to respect all of the appropriate class size guidelines dictated by District practice and State regulations. The allocation also includes funding for two integrated co-teaching sections in Kindergarten with a contingent position for a third. These sections would represent an increase in FTE positions due to the fact the current fifth grade only has one section of ICT moving on to Middle School. In addition to increasing the planned number of integrated co-teaching, the budget includes funding to increase the special education staff in the high school to account for the increased number of special education students in programs there. The budget also continues funding for the new special class program started last year.

In addition to providing academic instruction, the District addresses students' physical health, language, and emotional needs by offering additional related services, including counseling, nursing, occupational therapy, physical therapy, and other supplemental support. This budget includes an increase of 0.4 FTE to provide the High School with a full time Speech and Language teacher. In some cases, the District is required to provide instruction to students who are hospital-bound or restricted to their homes because of medical, physical, or emotional conditions. All of these services are included in the 2020-2021 allocation.

II. INSTRUCTION (Continued)

Instructional Support

Technical Services

The Technical Services team is part of the Information Technology department. The team manages the District's network infrastructure, Internet service, cybersecurity, servers, phone system, and computer hardware. Its members engineer software solutions and provide other support related to computer and network security. The team is also responsible for specifying, purchasing, and installing District audiovisual and computer hardware, as well as for maintaining the District's technology equipment inventory. The team delivers and configures equipment, and provides technical support to the schools' faculty and staff district-wide. The team also repairs audiovisual equipment, computers, and peripherals.

The Technical Services team is also responsible for sound systems, and the installation and maintenance of classroom display technology. In addition, the team hosts and provides programming for the District's public access Cable Channel 77, and Verizon FIOS Channel 27. Programs include televised Board of Education reports and other school-related programming. A schedule of current programming can be found on the District Website.

We are projecting a decrease in the number of SmartTVs that need to be mounted; therefore, this budget was reduced by \$15,000.

Instructional Technology

The Instructional Technology budget supports the goals of the District's three-year technology plan that was adopted by the Board. This budget includes salaries for the Director of Instructional Technology and Innovation, network specialists, and hardware technicians. It also provides approximately \$309,000 for K-12 instructional software and online services, of which approximately \$75,000 is "reimbursed" by state software aid. The budget also provides for District Internet access and government-mandated Internet filtering services, mobile device management software, and school library technology and support for online subscription databases.

The lease-purchase program for the long-range technology plan is funded through debt service, but is discussed here. The hardware lease-purchase budget is \$1,550,000 which is actually \$50,000 lower than specified in the District's Technology Plan. This budget represents a 0% increase. This budget will continue the elementary 1:1 program in grades 3-5 and provide technology to the K-2 program, as well as replace obsolete equipment. Funds will also be used to continue the Middle School 1:1 program in grades 6, 7, and 8, as well as replace obsolete instructional technology at all levels. The budget will also provide funds for replacing outdated peripherals, upgrades to classroom display technology, and infrastructure updates.

II. INSTRUCTION (Continued)

Pupil Personnel Services

Guidance

This budget provides for the salaries, equipment, supplies, and other items necessary to provide guidance services at the Middle School and High School.

Contractual Services (Guidance)

Included in the Guidance budget under contractual services are the fees for social workers at the Middle and High Schools provided by the Scarsdale Edgemont Family Counseling Service (SEFC). This year's increase is representative of the year to year salary adjustments in SEFC's proposed budget. SEFC's services are separately approved by the Board on a yearly basis.

Psychological Services

This budget provides for the salaries, equipment, supplies and other items necessary to provide psychological services to seven schools. The current budget maintains all psychological services and plans for the proposed increase in Middle School clerical support.

Health Services

This budget provides for the salaries, equipment, supplies and other items necessary to provide health services to all schools, including one private school within the District. It also provides for mandated reimbursements to other school districts for health services provided to Scarsdale students attending private, parochial or special education schools within those districts.

Interscholastic Athletics

This budget provides for the supervision, coaching stipends, equipment, supplies, and officiating fees for the interscholastic athletic program. The budget shows increases for the purchase of athletic equipment, the addition of coaches, an expansion of the athletic trainer program, and an increase in services to support the expanding participation in these activities at both the High School and the Middle School. **See Appendix G – pp. 3-5 for detailed coaching summary.**

III. PUPIL TRANSPORTATION

The Pupil Transportation section of the budget provides for student transportation to and from school, maintenance of the District's fleet, and acquisition of new vehicles as needed. The fleet annually travels over 650,000 miles.

The District provides transportation to eligible students under three broad categories:

- All Scarsdale students residing 1.5 miles or more from the District school they attend are eligible for transportation. The District provides transportation for approximately 2,000 students for programs in the District, or an estimated 40% of District students. This percentage remains consistent over time.
- By law, the District must transport students living 1.5 miles or more from private/parochial schools located within a 15-mile radius of their Scarsdale address. Special education students attending District-approved programs inside and outside Scarsdale are eligible for transportation without regard to distance. The District typically transports over 280 students to approximately 60 private, parochial and special education programs outside of the District. Local parochial school students are transported to special education services in District buildings. Special education students now require approximately 13 bus monitors to provide supervision. The department works with the Special Education Director to determine this staffing.
- The District transports students to athletic and other extracurricular events and on school-related field trips where possible.

The need for drivers after school for sports and activities has continued to grow. The District tries to address this need economically by hiring five part-time drivers for the after-school period.

Fuel costs can be variable. The 2019-20 budget assumed an overall cost per gallon of \$2.50 and the 2020-21 budget assumed a cost per gallon of \$1.95. The most recent billing from the Village of Scarsdale reflected a price of \$1.33 per gallon for diesel, and \$1.35 per gallon for unleaded gasoline. The 2021-22 budget to assume an overall cost of \$1.95 per gallon.

The District's fleet has an average age that exceeds eight years. A long-range vehicle replacement program is supported by a rigorous evaluation process. . In 2016-17, two large buses and two mini-buses were purchased. In 2017-18, one large bus, three mini-buses, and four small vehicles were purchased. In 2018-19, two large buses, and one handicapped accessible bus were purchased. In 2019-20, one large bus, two mini-buses and one small vehicle were purchased. In 2020-21, four mini-buses and one handicapped accessible bus were purchased. In 2021-22, one large bus, two small mini-buses and one van are being requested. Budget: \$260,600. The District needs to make similar additions to the fleet each year in order to keep up with appropriate vehicle replacement. If the District does not replace buses as scheduled, it may need to enter into a new lease-finance arrangement in coming years. The equipment line also includes an allowance for replacing radio equipment. **See Appendix H for detailed vehicle information.**

Contracted Services is the second largest component of this budget. This portion includes maintenance/repair of the District's fleet, and transportation not provided by District vehicles. Maintenance costs continue to be monitored, focusing on timely maintenance and repair of vehicles which is critical to the safety of students and drivers. Since 1991, the District has shared the cost of the Village maintenance garage and contracted with the Village for inspections, maintenance, and needed repairs. This component of Contracted Services is not anticipated to increase next year. The rental cost for this space is \$126,305, which includes leased space to accommodate the buses. Overall, this cost-effective relationship has improved the efficiency and effectiveness of our maintenance program, as evident from outstanding report cards (the equivalent of an "A") from the state's Dept. of Transportation.

IV. COMMUNITY SERVICES

Civic Activities and Census

This budget provides custodial supervision for community activities in the schools and District census information. The costs in the first three categories below are for custodial overtime. We currently estimate a \$185,642 surplus in the current year due to COVID as these activities are only a fraction of what they would be in a normal year. We anticipate 2021-22 returning to normal activities and have budgeted accordingly.

Recreation Department This is custodial overtime related to use of school buildings by the Village's Recreation Department. By longstanding arrangement with the Village, the District is not reimbursed for these costs unless the activities take place on Sundays. We continue to work with the Recreation Department to limit and condense facility usage, particularly during vacation periods, to yield savings in custodial overtime and energy consumption.

Community Groups This is custodial overtime related to use of school buildings by community groups other than the Recreation Department or by PTAs when they are using buildings for fundraising purposes. The District is reimbursed for this overtime by the groups using the buildings.

School Functions This is overtime related to use of buildings for school-related activities that take place after normal hours. There is no reimbursement.

Census This line provides for continuation of the District's census information function. It provides for a full-time clerical position that reports to the Superintendent, as well as for purchased demographic services.

V. UNDISTRIBUTED COSTS

Employee Benefits

Teachers Retirement System/Employee Retirement System Assessments

These are mandatory contributions to the NYS Retirement Systems. The contribution rates for the Teachers' Retirement System (TRS) and the Employees' Retirement System (ERS) rate will remain stable for 2021-22. The TRS contribution for 2020-21 was 9.53% of salary; for 2021-22, that rate will change to a range of 9.8%. For the ERS, the required weighted average contribution for 2020-21 was 13.83% of salary; for 2021-22, that will decrease to an estimated 13.82% or 0.01% less.

Social Security/Medicare

This represents the District's share of the FICA tax. For 2021, the maximum wage base is \$142,800 up from \$137,700 in 2020. Because the District's fiscal year covers two calendar years, we must estimate the maximum wage for 2022. This budget assumes an increase in the 2022 wage base based on recent trends. Coupled with contractual salary increases and a significant number of retirees going into the 2021-22 school year, this will result in a 0.97% budget-to-estimated actual increase in FICA expense.

Health Insurance

The budget for the self-insured health plan is increasing 5.5% on a budget to budget basis. This represents a 1.47% increase when compared to the 2020-21 estimated actual expenditures of \$17.4 million, which includes an estimated \$350,000 of costs related to COVID testing of staff in order to keep schools open. Premium contributions continue to be in effect for all employees groups, which assists in mitigating insurance increases. The District also maintains a health insurance reserve of \$5.18 million as of June 30, 2020. This reserve assists in mitigating risks against market and experience swings. Early projections pointing to a current year deficit of \$666,504 are expected to decrease the overall surplus to \$4.51 million as of June 30, 2021. The District relies on stop-loss insurance to reduce its risk from excessive claims volatility.

Dental Insurance and Other Union Welfare Funds

The Scarsdale Teachers Association, regardless of the union affiliation of the employee, manages dental insurance and other items included in the District's benefit package. The District pays the STA a contractually stipulated amount, times the number of covered employees. The 2019-20 and 2020-21 contribution was \$1,976 per full-time employee; the 2021-22 contribution is not yet known.

Life Insurance

The District pays for term life insurance for nearly all District employees. The cost is expected to increase 4.0% after holding flat in the current year.

Unemployment Insurance

While the District does not pay unemployment insurance premiums, it is required to reimburse the state on a dollar-for-dollar basis for any employees determined to be eligible for District coverage. In the current year we have seen an increase in claims and have increased the budget for 2021-22 by \$35,000.

Workers' Compensation

This mandated coverage is estimated to increase by 1.0% compared to the current year's estimated actual. The increase is based on the District's recent experience in our workers' compensation consortium as well as a current year earnings on the consortium investments.

Other Benefits

This category primarily includes the contractually negotiated reimbursement to District retirees and their spouses for Medicare Part B and Part D premiums. The number of retirees has grown in recent years, as have the Medicare premiums. The 2020-21 Medicare budget of \$1,373,500 is currently projected to be under-budget by \$60,000. The 2021-22 budget is increasing 2.5% compared with the current year estimated actual costs; however this is a 1.98% decrease budget to budget. It should be noted that these reimbursements have been kept in check due to a successfully negotiated reduction in benefits in the most recent contract. This item also includes the Employee Assistance Program, disability insurance, and 403(b) administrator's fees.

V. UNDISTRIBUTED COSTS (Continued)

Debt Service

This portion of the budget includes funds for the payment of principal and interest on the District's outstanding bond issues and installment purchase arrangements.

In September 2011, the lease financing for the Energy Performance Contract was refinanced, saving \$958,000 over a twelve and a half year period or an average of \$77,000 per year, continuing until 2023-24.

In May 2014, the District authorized refinancing the outstanding balances of the August 2006 debt saving \$970,000 over a thirteen-year period or an average of \$74,500 per year, continuing until 2026-27.

In December 2014, District voters approved a bond issuance of \$18,120,000 for repairs and renovations to the District's buildings. **In June 2015**, the District issued a one-year Bond Anticipation Note (BAN) in the amount of \$1,675,000 to fund the initial stages of this work. **In June 2016**, the District issued a one-year Bond Anticipation Note (BAN) in the amount of \$5,000,000 to fund the continuing initial stages of this work. \$1,645,000 of this BAN was paid off permanently. **In April 2017**, the District issued the remaining portion (\$14,800,000) of the original \$18,120,000 project authorized in December 2014. These payment run through 2026-27.

In 2019, the District began financing the \$64.9 million Capital Project approved by the voters on February 8, 2018. **In June 2019**, the District issued a one-year Bond Anticipation Note (BAN) in the amount of \$20,536,718 to fund the initial stages of this work. \$4,427,577 of this BAN will be paid off permanently. **In June 2020** the District issued a \$43,600,000 fifteen year bonds at a net interest cost (NIC) of 1.47%. **On or about June 2021** the District intends on issuing a \$16,840,000 fifteen year bond which represents the final phase of the \$64.9 million Capital Project. Rates have decreased even more since June 2020 and we expect the NIC for this bond to be approximately 1.06%.

This category also includes installment purchase payments for the District's long-range technology plan as noted on p. 42. Using a lease agreement, the District is planning to purchase \$1,550,000 in computer equipment as a continuation of its long-range replacement plan. This is the same amount as 2018-19, 2019-20, and 2020-21. Future increases are likely to continue to implement this program.

See Appendix J, page 4 and page 44 for more information.

In 2019-20, the District entered into a five-year lease offered on New York State contract to pay for copiers District-wide. A small portion of the copier lease (\$18,051) is paid for by the individual building level supplies budget of each school.

See Appendix J, page 5

Fund Balance and Budget Surplus

Fund Balance is created when expenditures are less than revenues. The Board may retain some or all of the fund balance in several reserves designated by state law, or return a portion of it to taxpayers as a reduction to the tax levy in the form of Assigned Fund Balance.

Budget surpluses / deficits result from lower / higher than anticipated costs in budget categories, particularly health insurance claims, special education costs, and utility costs. Each of these budget categories is difficult to anticipate at the time the budget is prepared. Because of their unpredictable nature, it is also possible that these budget areas could produce deficits in any given year that would require funding from other expenditure lines. In the current year, health insurance, teacher salaries and utility costs are projected under-budget.

Prior to the 2015-16 Budget, the District had included a significant planned surplus in its budget which was as high as \$6 million dollars. In the 2015-16 Budget, the District eliminated the planned surplus (expenditure) entirely; it also virtually eliminated the use of prior year surplus as a revenue item at that time, reducing it to \$500,000. This rectified a long-standing structural issue within the District's budget. Since then, our plan increased the prior year surplus to \$1.1 million (from \$500,000) anticipating that the District will generate a similar surplus in the subsequent year thereby stabilizing the prior year surplus to \$1.1 million. Even with this increase, this new approach still limits the District in being able to fund emergency expenditures within a current year's budget, as current year surpluses would have to exceed \$1.1 million for there to be additional funding for any emergencies. In addition, a critical component of District planning was to replenish the District's reserve levels, which had decreased at that time. In 2015-16 the District was able to strengthen its financial position by increasing the total fund balance to \$20.7 million as of June 30, 2016. The same was true for the 2016-17 budget, ending the year with a total fund balance of \$23.4 million. In 2017-18, fund balance decreased to \$19.6 million, primarily as a result of a reduction in the health insurance reserve due to deficits in that year. 2019-20 was a positive year for a temporary increase in reserves due to COVID related surpluses, ending the year with a total fund balance of \$26.7 million. Much of the increase from 2019-20 is being used to offset COVID related deficits in 2020-21 with a projected year ending 6-30-21 total fund balance of \$22.9 million, including \$2.25 million scheduled to be used to offset 2021-22 taxes.

In the current year, expenditures are expected to exceed revenues with a net deficit of \$3,779,389. Therefore, the total fund balance as of June 30, 2021 is projected to decrease to \$22.9 million, inclusive of the prior year surplus budget increasing by \$500,000 to \$2.25 million.

The net impact is projected to decrease the Undesignated Fund Balance estimated to \$4.7 million, \$2.3 million less than the prior year, or 2.8% (under the maximum 4.0% level under state law). It is expected that the health insurance reserve will also decrease from \$5.2 million to \$4.5 million and the tax certiorari reserve to decrease by approximately \$500,000, which appears to be adequately funded within the current structural budget.

The Assigned Fund Balance, a direct offset to the 2021-22 tax levy, is currently estimated to be \$2.25 million, \$1.15 million above our long-term planning goal of \$1.1 million.

No significant changes are estimated for either the Retirement Contribution Reserve for TRS or ERS with projected balances of \$1.42 million and \$2.73 million, respectively.

Budget Surplus and Fund Balance (Continued)

The District maintains the following reserve accounts:

Tax Certiorari Reserve This reserve funds settlements arising from property tax litigation. Tax certiorari lawsuits claiming over-assessment may be filed by a property owner for several years in a row, and the timing of settlements is highly uncertain. Settlements are traditionally negotiated by the Village of Scarsdale, representing both the Village and the District. Funds are reserved on a claim-by-claim basis. This reserve is projected to be approximately \$500,000 less than the level as of June 30, 2020 due primarily to a recently updated reserve analysis; however, there is still a substantial backlog of current claims which will continue to result in those same taxpayers needing to file an additional claim year. Because of this, as noted on the previous page, the District is budgeting a \$375,000 subsidy in the 2021-22 Budget for future tax certiorari claims.

Health Insurance Reserve The District uses a self-insured health plan, which is estimated to have saved taxpayers millions of dollars since inception, but which, by its nature, is volatile and unpredictable. This reserve, also known as a “rate stabilization reserve,” was authorized by the New York State legislature and signed into law by the governor in 2014. During 2017-18, \$2 million of the reserve was used to fund overages in that year. For 2018-19 a significant surplus resulted in replenishing \$2 million back into the fund which remained unchanged for 2019-20. It is projected to be funded at \$4.5 million as of June 30, 2021, a decrease of \$666,504.

Debt Service Reserve The debt service reserve is generated in part by interest earned on voter-authorized capital borrowing during the construction process and unspent capital project balances. In 2020-21, \$864,000 was used as a funding source and \$150,000 will be added from surplus from prior year capital projects; \$485,000 is planned to be used in the 2021-22 budget which will almost entirely deplete the reserve as of July 1, 2021. The 2021-22 use of the reserve is associated with a one-time transfer to the Capital Project Fund of \$485,000 thereby creating a tax neutral expenditure.

Retirement Contribution Reserve(s) This reserve is available to fund contributions to the State Retirement System (ERS) for non-certified staff and the Teachers’ Retirement System (TRS) for the certified staff. No significant changes are estimated for either the Retirement Contribution Reserve for TRS or ERS with projected balances of \$1.42 million and \$2.73 million, respectively.

Undesignated/Unreserved Fund Balance This is a general-purpose reserve that can be used by the Board of Education for any lawful purpose. By law, it cannot exceed 4% of the following year’s budget. The projected June 30, 2021 Undesignated Fund Balance is estimated to be 2.80%; on June 30, 2020, it was 4.28%. The District temporarily exceeded the 4.0% limit due to COVID surpluses in 2019-20 which were immediately offset by COVID deficits in 2021-21, bringing the projected undesignated surplus to 2.80%, which is the lowest level since 2006-07 which was the year the cap increased from 2.0% to 4.0%.

Designated for Next Year This is the amount of surplus shown as a revenue item (“Prior Year Surplus”) in the budget, offsetting tax levy by the same amount. The 2021-22 budget plan calls for using \$2,250,000 of the current year surplus as a revenue item, up \$500,000 from last year. This increase to \$2.25 million includes a one-time \$800,000 increase that is being used to fund the possible \$800,000 COVID contingency currently budgeted within 2021-22 expenditures budget. In addition, the \$2.25 million use of prior year surplus is \$1.15 million above our long-term planning goal of \$1.1 million. The goal is to reduce this amount to a range of \$1.1 to \$1.425 million for the 2022-23 budget and to \$1.1 million for budgets after 2022-23.

	We intend on using 100% of the 2019-20 funds for the balanced literacy program as noted on page 37.	Almost 50% of these funds are "pass - through" funds for other Districts. We are the Lead Agency. The remaining balance of approx. \$10K is used for other special education services.	Almost 15% of these funds are "pass - through" funds for other Districts. We are the Lead Agency. The remaining balance of approx. \$700K is used for other special education services, including speech therapy, OT & PT services and other services that are not adequately budgeted within the General Fund.	In 2010/11, the funding for the grant was eliminated. In 2011-12 funding was restored and expanded for 2017-18 and reduced again for 2018-19. We do not know if this grant will continue into 2020-21	In 2010/11, the funding for the grant was eliminated. In 2011-12 funding was restored on a limited basis. In 2012-13 we also received a "one-time" funding of approx. \$100K, which was not continued into 2013-14. The limited funding continued into 2018-19. In 2019-20 the state did not fund grant #56 which was \$35,868 in 2018-19.	The state reimburses us 80% of the Special Education related summer school costs. These costs vary each year, sometimes significantly. All of these dollars are used to offset our special ed. costs that are initially recorded in the General Fund.	
2019-20 Grant Awards	64,522	22,644	882,793	46,762	22,963	280,000	1,319,684
Increase (Decrease)	11.13%	(0.76%)	2.92%	0.00%	(62.09%)	0.00%	(0.47%)
2020-21 Grant Expectations	No change in inteded use is planned for the 2020-21 funds.	No change in inteded use is planned for the 2020-21 funds.	No change in inteded use is planned for the 2020-21 funds.	No change in inteded use is planned for the 2020-21 funds.	No change in inteded use is planned for the 2020-21 funds.	We are planning on the State's continuation of funding this program.	
Note: The 2020-21 Grant Awards are still not all known at this time. The written grant requests are prepared during the summer and are normally approved during the same time period, however COVID has changed our plans. We do not have all information necessary to update this form, therefore we are using prior year information. We do not expect grant changes up or down when they are finally approved to impact our budget.

**** Please note: Regardless of the results of the formula driven STAR calculation, since STAR is capped at a maximum amount of 2% more than the prior year, therefore Mamaroneck is Capped as noted.

The following explanations are based on information provided by the New York State Office of Real Property Tax Services website and can be found at the link noted below. (Note: If you purchased your home after August 1, 2015, you are no longer eligible for a direct STAR property tax exemption. This is because Part A of Chapter 60 of the Laws of 2016 has converted STAR to a personal income tax credit instead of a property tax exemption. You may apply directly with the NYS Department of Taxation and Finance)

<https://www.tax.ny.gov/pit/property/star/default.htm>

Q. What is STAR?

A. STAR is the School Tax Relief Program that provides a partial exemption from school property taxes. All New Yorkers who earn less than \$500,000 **(NOTE: The governor's budget proposal for 2019-20 lowered this to \$250,000 which had a significant impact on many of our taxpayers)** and own and live in their one, two, or three-family home, condominium, cooperative apartment, manufactured home, or farm dwelling are currently eligible for a STAR exemption on their primary residence.

There are two parts to the STAR program:

The **Basic STAR** exemption is available for owner-occupied, primary residences regardless of the owners' age. Basic STAR works by exempting the first \$30,000 of the full value of a home from school taxes. Basic STAR is available to anyone who owns and lives in his or her home and earns less than \$500,000 **(NOTE: The governor's budget proposal for 2019-20 lowered this to \$250,000 which had a significant impact on many of our taxpayers)**.

The **Enhanced STAR** exemption is available for the primary residences of senior citizens (age 65 and older) with yearly household incomes not exceeding the statewide standard. For qualifying senior citizens, the Enhanced STAR program works by exempting the first \$68,700 for 2020-21 and \$70,700 for 2021-22 of the full value of their home from school property taxes. For property owned by a husband and wife, or by siblings, only one of them must be at least 65 years of age as of December 31 of the year in which the exemption will begin to qualify for the Enhanced exemption. Their combined annual income, however, must not exceed the STAR income standard. The certified Income Standard for the Enhanced STAR exemption for the 2020-21 School Levy was \$88,050 and for the 2021-22 School Levy will be \$90,550.

Q. What is the definition of income for the Enhanced STAR exemption?

A. Income is based on the applicant's second prior year's income tax return. For instance, for the 2020 assessment roll (2021-22 school levy for Scarsdale and Mamaroneck), income is based on the 2019 income tax return. The combined income of all of the owners and of any owner's spouse who resides on the premises may not exceed the STAR income standard (maximum) for the applicable income tax year. Income is defined as federal "adjusted gross income" [AGI] as reported on the applicant's Federal or State income tax return, less the "taxable amount" of total distributions from individual retirement accounts or individual retirement annuities, both of which are commonly known as "IRAs." A cost of living adjustment (COLA) is made annually to the STAR income standard; contact your local assessor or call 1-877-6-STAR-NY for the current income standard when that is available.

APPENDIX - E

Refund of Real Property Taxes (Tax Certioraris) – 10 Year History

Funds have been provided in this section of the budget for refunds of property taxes for prior years. Listed below are the refunds that have been made for the period 2011-12 through January 2020; the adopted budget for 2019-20, and the proposed budget for 2020-21.

YEAR	AMOUNT	PROPERTY
2012-13 Actual	\$380,584	Chaseway LLC - \$217,420; HSBC - \$110,685; five others \$52,749.
2013-14 Actual	\$884,880	Quaker Ridge Golf Course \$519,698, Verizon \$286,466, five others \$78,716.
2014-15 Actual	\$69,123	Various \$69,123.
2015-16 Actual	\$96,655	Seven settlement totaling \$96,655.
2016-17 Actual	\$976,228	Fenway Golf Club - \$401,570, Scarsdale Chateaux - \$193,493 and others - \$381,165
2017-18 Actual	\$1,064,311	2 Overhill Rd. Assoc. - \$390,069; 1 Chase Rd \$193,227; and 24 others totaling \$481,015.
2018-19 Actual	\$306,205	Eight settlement totaling \$306,205.
2019-20 Actual	\$509,897	Nine settlement totaling \$509,897.
2020-21 Budget #	\$725,000	The District also budgets \$25,000 annually for “other” Tax refunds that are unrelated to Certiorari’s.
2020-21 Est.Act.	\$725,000	6 Settlements to date totaling \$77,074.
2021-22 Budget #	\$375,000	The District is budgeting \$475,000 for future Tax Certiorari Refunds for the 2021-22 Budget.

The Tax Certiorari Reserve balance as of June 30, 2020 was \$5,985,503 and projected balance for June 30, 2021 is \$5,989,003 based on estimated refunds of \$725,000. Actual refunds during the year of less than \$725,000 will result in a higher reserve balance as of June 30, 2021 whereas actual refunds during the year higher than \$725,000 will result in a smaller reserve balance as of June 30, 2021.

The reserve has grown significantly since the districtwide revaluation done in 2014. The District has begun to settle some of the Tax Certiorari cases, in fact approximately 40% of the cases have been settled to date. The data from those cases is being used to predict what amount will might be needed to pay for the 60% of Tax Certiorari cases that currently remain open. The District will continue to analyze this data throughout the year in order to understand if the current reserve estimate is reasonable.

In addition, interest income earned on the investment of the reserve funds will also be added back to the reserve.

#The District also budgets \$25,000 annually for “other” Tax refunds that are unrelated to Certiorari’s.

See page 59-63 for more information on reserves.

APPENDIX - F

Summary – Aides and Part-Time Bus Drivers

2021-22 Aides Budget

Building Aides	<p>Building Aides include individuals compensated under the School Aide, Teacher Aide, Principal Aide, and Computer Aide designations in the ASTAA contract.</p> <p>Individuals in this role support the kindergarten classes, grades 1-5 classrooms, provide cafeteria and playground supervision, and serve in specialty support roles to secondary departments. The number of Aides in this category is determined by established allocation formulas tied to school enrollments and unique building needs. Changes in hours from 2020=21 to 2021-22 largely reflect additions or changes related to classroom supervision priorities.</p>
Program Aides- Special Education	<p>This group of Aides includes those serving students with disabilities in the general classroom, in parallel classes, as 1:1 Aides, and in the Learning Resource Center. The total number of Aides needed in this group is determined by the Committee on Special Education in accordance with state mandate.</p>
Program Aides- Other	<p>These individuals are assigned to the District level, and serve as Computer Aides or School Bus Monitors.</p>

2021-22 Bus Drivers

Part-Time Bus Drivers	<p>The District employs 63 part-time bus drivers to operate its transportation program. Drivers work 30 hours per week except for 8 of the 63 drivers who work in the afternoon only for a total of 15 hours per week.</p>

APPENDIX – G

(This appendix has not been updated for 2021-22 as the District is currently in negotiations with the Scarsdale Teachers Association. Therefore the actual amounts for 2021-22 are not known at this time. Estimates have been added to the individual budget lines as necessary)

II INSTRUCTION

Data Sheet D - Extracurricular Assignments

2019-20 CALCULATIONS

Funds for extracurricular assignments are determined by agreement between the Board of Education and the Scarsdale Teachers Association. Extra curricular assignment pay should be the product of the appropriate point value times .0019 times the February 1, 2016 Base Salary (Class I, Step 1) during each year of the Agreement. For teachers regularly employed by the Board who advise in the same activity beyond one year, the multiplier shall be as follows: Year 2=.0021, Year 3=.0023, except that these multipliers will not be advanced during the 2016-17 and 2018-19 school years.

II INSTRUCTION

285-000 Interscholastic Athletics

Data Sheet A-1 Sports, Coaching Salaries, and Student Participation

2019-20 CALCULATIONS

Funds for coaching salaries are determined by agreement between the Board of Education and the Scarsdale Teachers Association. Athletic coaching salaries are the product of the appropriate point value listed below, times a factor of 0.0023, times the base salary (BA Step 1) in effect during a given salary year. For teachers regularly employed by the Board who coach in the same sport beyond one year, the multiplier is as follows: second year: .0025, third year: 0.0027, fourth year: 0.0029, fifth year 0.0030.

The estimated salaries below are based upon present incumbents

Position	Points	\$Amount	# of Students Participating**
Assistant Athletic Director (Fall, Winter, Spring)	150	\$ 26,388	889
Baseball Frosh	38	\$ 4,457	20
Baseball JV	46	\$ 5,395	20
Baseball Varsity Asst	40	\$ 5,100	
Baseball Varsity Head	60	\$ 10,555	18
Basketball Boys Frosh	46	\$ 5,864	35
Basketball Boys Frosh	46	\$ 8,092	13

APPENDIX - H

VEHICLE REPLACEMENT SCHEDULE

The transportation fleet is comprised of large (44-66 passenger) and small (18-20 passenger) buses, automobiles to drive small groups of private school and special education students, and wheelchair vans to transport physically disabled students.

In the early 1990s, the District purchased a new fleet of vehicles for both the Building and the Transportation Departments using a 5-7 year financing. While this approach met the needs of a newly reorganized transportation service, it also meant that all of the vehicles would age and eventually become obsolete at approximately the same time. As such, it is not a recommended approach for financing a student transportation program.

Since that time, the District has made every effort to provide annual funding for gradual vehicle replacement. Each year, the supervisor and the mechanics, who service the buses, review the maintenance records of each vehicle. Buses that have shown an increasing tendency to break down will eventually be moved to use as spare vehicles, rather than one with a daily schedule. Every effort is made to keep the buses on the road for as long as possible. However, sometimes the undercarriages or bodies of the vehicles succumb to rust before the mechanical parts wear out. In this area, it is unusual for vehicles to stay in regular use for more than 10 years. Transportation consultants generally recommend that the average life of a fleet not exceed seven years. The following pages present statistics concerning the age and mileage of the fleet.

School Year	2017-18 Actual	2018-19 Actual	2019-20 Actual	2020-21 Actual	2021-22 Plan	2022-23 Plan	2023-24 Plan	2024-25 Plan	2025-26 Plan

APPENDIX – I

UNDISTRIBUTED EXPENSE

TEACHERS' RETIREMENT

This account represents the Board of Education's mandatory investment for the professional staff who are members of the New York State Teachers' Retirement System (TRS).

Retirement expense is based on an estimate of the salaries to be paid to professional staff members for the upcoming school year multiplied by the contribution rate. The TRS rate increased significantly from the 0.36% rate charged in 2003-04 to the 17.53% rate for the 2014-15 budget. Since 2014-15 the rate has fluctuated up and down and currently projected to be 9.75%.

<u>Budget Year</u>	<u>TRS %</u>	<u>Total TRS Budget / Actual</u>
2001-02	0.43%	129,725
2002-03	0.36%	123,366
2003-04	0.36%	162,285
2004-05	5.63%	2,622,972
2005-06	7.97%	3,673,304
2006-07	8.60%	4,422,538
2007-08	8.73%	5,645,453
2008-09	7.63%	4,284,902
2009-10	6.19%	3,786,852
2010-11	8.62%	5,253,825
2011-12	11.11%	6,720,440
2012-13	11.84%	7,430,727
2013-14	16.25%	10,387,337
2014-15	17.53%	10,652,830
2015-16	13.26%	8,210,890
2016-17	11.72%	7,536,810
2017-18	9.80%	6,467,134
2018-19	10.62%	7,233,622
2019-20	8.86%	6,127,521
2020-21 Adopted Bud	9.53%	6,828,629 – Est. Actual - \$6,771,380
2021-22 Proposed Bud	9.80%	6,877,227

UNDISTRIBUTED EXPENSE

EMPLOYEES' RETIREMENT

This account represents the Board of Education's mandatory investment in retirement benefits for Civil Service personnel who are members of the New York State Employees' Retirement System.

Retirement expense is based on an estimate of the salaries to be paid to civil service staff members for the upcoming school year multiplied by the contribution rate. The ERS rate increased significantly from the 0.90% weighted average rate charged in 2000-01 to the 20.1% weighted average rate for the 2013-14 budget. However, since then the rate has been on the decline to 15.1% in 2016-17, 14.95% in 2017-18, 14.54% in 2018-19, 13.98% in 2019-20, and an estimated 13.83% and 13.82% for 2020-21 and 2021-22, respectively.

UNDISTRIBUTED EXPENSE

HEALTH INSURANCE

The Board provides a health insurance program for all full-time District employees, their qualifying spouse and dependent(s). Prior to the 1988-89 school year, the District participated in the New York State Empire Plan and an H.M.O. Plan (Kaiser Foundation). In 1988-89 the District withdrew from the Empire Plan and formed a self-insured program (The “Plan”) monitored by a District Health Insurance Committee. Funds are provided in the District budget and disbursed based on actual claims submitted through a third party administrator (UMR). See Appendix I, Page 4 for a comparison of the Plan’s actual cost as compared to a corresponding Empire Plan cost.

Listed below are the actual expenditures for the years 2000-01 through 2019-20, the 2020-21 Adopted Budget & Estimated Actual, and the 2021-22 Proposed Budget.

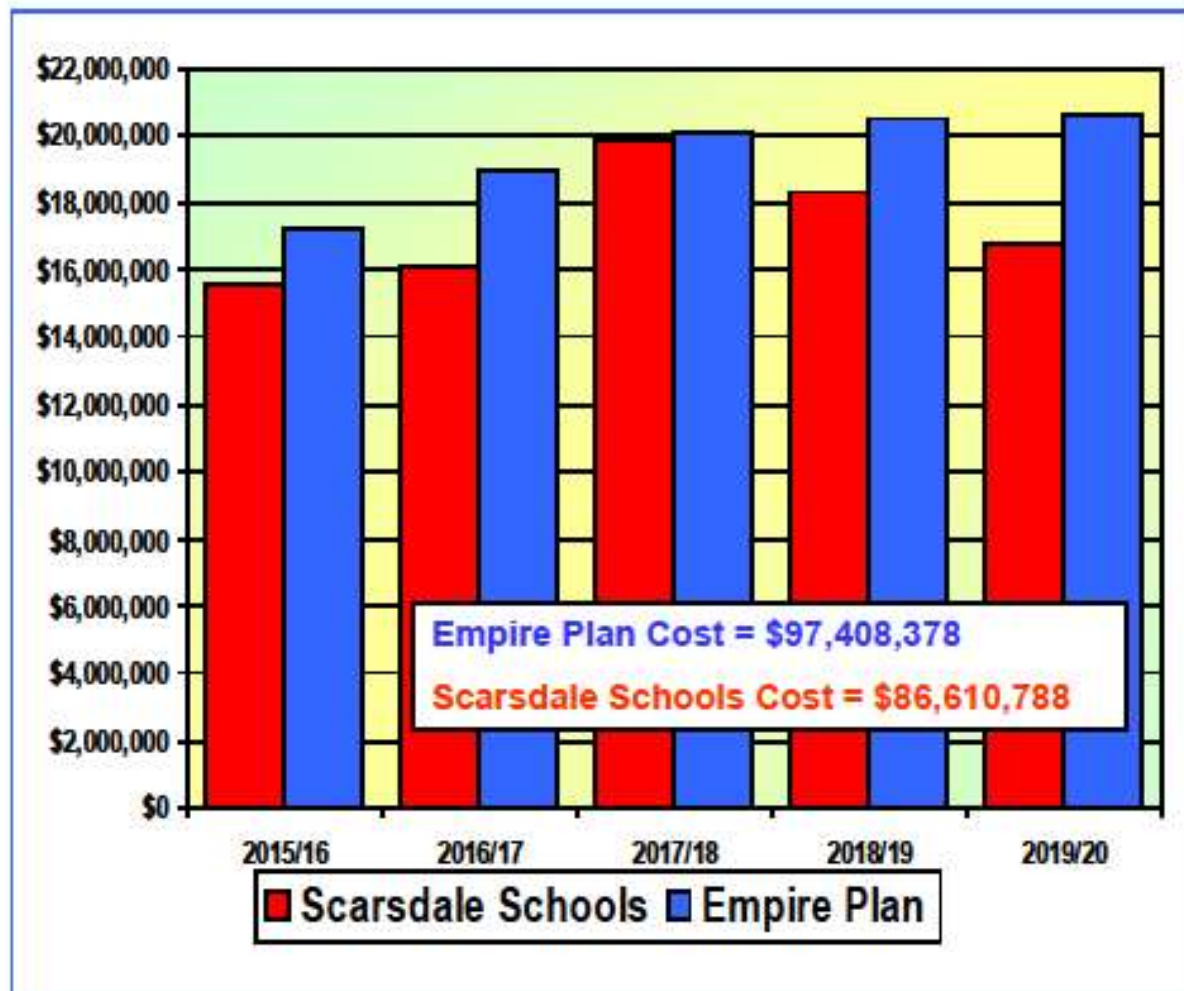

<u>YEAR</u>	<u>EXPENDITURES</u>	
2002-03	7,796,238

2020-21	17,431,486	ESTIMATED ACTUAL
2021-22	17,687,056	PROPOSED BUDGET

*This includes the “one-time” reversal of the prior year \$1,850,000 accrual for the UMR claims lag as of 6-30-19 AND a “one-time” change in accounting accrual of \$1,377,823 at 6-30-19.

This includes a “one-time” \$1,850,000 accrual for the UMR claims lag as of 6-30-18. *Included a one-time COVID accrual of \$800,000.

Scarsdale Schools vs. Empire Plan

This exhibit provides an estimated comparison of the District's self-insured costs with the applicable Empire Plan premiums over the past five plan years (July through June). Census assumptions are made to accommodate the different premium tiers offered by each plan. The District costs are estimated to be \$10,797,590 less than the estimated Empire Plan premiums over the past five years. Estimated employee premium share has been added to district costs for comparison.

UNDISTRIBUTED EXPENSE
SOCIAL SECURITY / MEDICARE

This account represents Social Security obligations incurred by the Board for all employees. The Budget Reconciliation Act of 1990 changed Social Security coverage and established a new wage bracket for Medicare taxation. All public employees must now be covered by Social Security. In addition the Medicare portion of the rate (0.0145 of the 0.0765) continues without a wage limit.

<u>YEAR</u>	<u>RATE</u>	<u>WAGE MAXIMUM</u>	<u>TOTAL FISCAL EXPENDITURES</u>
2014	6.20%	\$117,000	
	1.45%	No Limit Medicare	5,274,594

Lease Purchase – Districtwide Copiers

In 2019-20, the District entered into a five-year lease for copier machines throughout the District at a cost below New York State contract pricing and zero percent financing with annual payments totaling \$239,714. These payments include all maintenance and supplies for all copiers. Note: For accounting purposes, \$221,664 of the \$239,714 annual payments are budgeted as part of the lease purchase budget whereas the remainder of funding is coming directly from individual school allocations.

APPENDIX – K

Selected Compensation and Benefits

The District is required under Chapter 474 of the Laws of 1996 to publish information regarding the compensation and benefits of the superintendent, the assistant superintendents, and other administrators whose annual salary is at least \$143,000. For the 2021-22 Budget the District is projecting the following individuals to meet this criteria:

<u>Personnel/Title</u>	<u>Salary*</u>	<u>Annualized Cost of Benefits</u>	<u>Other Compensation</u>	<u>Total Benefits as a % of Salary</u>
Dr. Thomas Hagerman - Superintendent	\$369,684	\$63,465	\$43,068	17.17%
Stuart Matthey - Assistant Superintendent	\$268,282	\$56,445	0	21.04%
Edgar McIntosh - Assistant Superintendent	\$226,265	\$64,527	0	28.52%
Andrew Patrick - Assistant Superintendent	\$247,160	\$67,344	0	27.25%
Gerald Crisci – Director of Instructional Technology & Innovation	\$225,856	\$64,471	0	28.55%
Raymondo Papalardi – Director of PE, Health & Ath. Dir.	\$217,937	\$63,404	0	29.09%
Eric Rauschenbach - Director of Special Education	\$224,444	\$64,281	0	28.64%
Rachel Moseley – Director of Information Technology	\$220,571	\$72,626	0	32.93%
Jeffrey Martin – Treasurer / Business Mgr. / Risk Mgr.	\$183,653	\$66,163	0	36.03%
Michael Pattera – Director of Facilities	\$157,775	\$61,633	0	39.06%

*Amount currently in effect for 2020-21.

“Annualized Cost of Benefits” includes the same benefits provided to all full-time District employees. Many of these benefits, such as employer contributions to Social Security and Medicare, are required by law. Other benefits, such as the New York State Teachers’ Retirement System employer contributions, are mandated.

“Other Compensation” represents the benefit calculated from the District providing a contribution of \$20,887 toward a tax-sheltered annuity and \$22,181 toward a variable defined benefit contribution plan (in lieu of a TRS contribution) on behalf of the superintendent.

APPENDIX - L

(Note: Pages 1 through 6 of Appendix L are prepared by the New York State Education Department)

(This data is available at data.nysed.gov)

(This data is the most current that is available – It has not been updated by NYS in two years, therefore 2017-18 data is the most current available)

For 2021-22 NYS has added the NYS Transparency reporting data as noted on Appendix L – pages 7-11

FISCAL ACCOUNTABILITY SUMMARY (2018 - 19)

INFORMATION ABOUT EXPENDITURE RATIOS (2017 - 18)

(Data are lagged a year.)

Commissioner's Regulations require that certain expenditure ratios for general-education and special-education students be reported and compared with ratios for similar districts and all public schools. The required ratios for this district are reported below.

The numbers used to compute the statistics on this page were collected on the State Aid Form A, the State Aid Form F, the School District Annual Financial Report (ST-3), and from the Student Information Repository System (SIRS).

Instructional Expenditures for General Education are K-12 expenditures for classroom instruction (excluding Special Education) plus a proration of building level administrative and instructional support expenditures. These expenditures include amounts for instruction of students with disabilities in a general-education setting. District expenditures, such as transportation, debt service and district-wide administration are not included.

The pupil count for General Education is K-12 average daily membership plus K-12 pupils for whom the district pays tuition to another school district. This number represents all pupils, including those classified as having disabilities and those not classified, excluding only students with disabilities placed out of district. Pupils resident in the district but attending a charter school are included. For districts in which a county jail is located, this number includes incarcerated youth to whom the district must provide an education program.

Instructional Expenditures for Special Education are K-12 expenditures for students with disabilities (including summer special education expenditures) plus a proration of building-level administrative and instructional support expenditures. District expenditures, such as transportation, debt service and district-wide administration are not included.

The pupil count for Special Education is a count of K-12 students with disabilities for the school year plus students for whom the district receives tuition from another district plus students for whom the district pays tuition to another district. Students attending the State schools at Rome and Batavia, private placements and out-of-state placements are included.

Instructional Expenditures Per Pupil is the simple arithmetic ratio of Instructional Expenditures to Pupils. The total cost of instruction for students with disabilities may include both general- and special-education expenditures. Special-education services provided in the general-education classroom may benefit students not classified as having disabilities.

TOTAL EXPENDITURES PER PUPIL

THIS SCHOOL DISTRICT
\$31,819
SIMILAR DISTRICT GROUP
\$28,620
NY STATE
\$25,845

Total Expenditures Per Pupil is the simple arithmetic ratio of Total Expenditures to Pupils. Total Expenditures include district expenditures for classroom instruction, as well as expenditures for transportation, debt service, community service and district-wide administration that are not included in the Instructional Expenditure values for General Education and Special Education. As such, the sum of General Education and Special Education Instructional Expenditures does not equal the Total Expenditures.

SCARSDALE UFSD

2018-19 School Year Financial Transparency Report

The tables below display per pupil expenditures for individual schools, as well as district averages that may be higher or lower than an individual school. All amounts shown on this report (except exclusions) are per pupil of the entire school or district, unless otherwise noted.

Race/Ethnicity	

Report View One: How Much is Being Spent on Instruction and Administration in this School and School District?

Data under the school column represent per pupil expenditures in each category for the individual school selected. School level data (entries A through D) under the district column represent the average per pupil school level expenditures for all schools in the district. Per pupil central district expenditures (entries E through H) are not attributed to any particular school within the district and are applied equally to all schools.

Total spending (entry I) represents all non-excluded per pupil expenditures. Data under the district column represent the average per pupil expenditures of all schools in the district. Data under the school column represent the sum of entry D for the school plus entry H for the district.

Report View One Per Pupil Expenditure Categories	SCARSDALE UFSD
A. Instruction (A1 + A2 + A3 + A4)	\$15,104.17
B. Administration (B1 + B2 + B3)	\$1,659.92
C. All Other Spending (C1 + C2 + C3)	\$2,776.83
D. Total School Level (A + B + C)	\$19,540.92
E. Central District Instruction (E1 + E2 + E3 + E4)	\$2,877.55
F. Central District Administration (F1 + F2 + F3)	\$2,449.38
G. All Other Central District Spending (G1 + G2 + G3)	\$3,969.44
H. Total Central District Costs	\$9,296.37
I. Total Spending (D + H)	\$28,837.29

Report View Two: How are the Local/State and Federal Funds Spent in this School and School District?

Report View Two presents the same expenditures reported in View One, but disaggregates that spending by local/state/federal revenue source.

Data under the school column represent per pupil expenditures in each category for the individual school selected. School level data (entries J and K) under the district column represent the average per pupil school level expenditures for all schools in the district. Per pupil central district expenditures (entries L and M) are not attributed to any particular school within the district and are applied equally to all schools.

Total spending (entry N) represents all non-excluded per pupil expenditures. Data under the district column represent the average per pupil expenditures of all schools in the district. Data under the school column represent the sum of entries J and K for the school plus entries L and M for the district.

Report View Two Per Pupil Expenditure Categories	SCARSDALE UFSD
J. Total School Level Local/State Spending	\$19,356.12
K. Total School Level Federal Spending	\$184.80
L. Total Central District Level Local/State Spending	\$9,280.92
M. Total Central District Level Federal Spending	\$15.46
N. Total District and School Spending (J + K + L + M)	\$28,837.29

Detailed Spending: How Much is Spent Per Pupil in Selected Program Areas in This School and School District?

Program Area Details in entries O through Z represent subsets of spending in Report View One and Report View Two. Five program areas are broken out. To calculate per pupil expenditures enrollment of the entire district or school are used for pupil services, community schools programs, and BOCES services.

Enrollments for the particular program areas are used for special education, ELL/MLL services, and prekindergarten.

Entries O through T represent school level expenditures. Data under the school column represent per pupil expenditures in each of category in the selected school. Data under the district column represent the district average of all schools in each of these categories.

Entries U through Z represent central district expenditures that are not attributable to a particular school. No data are reported under the school column.

	Program Detail Areas
	Program areas are included within the above School Level Expenditures (Row D) and Central District Costs (Row H)
School Level	SCARSDALE UFSD
O. Special Education	\$21,405.63
P. ELL/MLL Services	\$14,684.71
Q. Pupil Services	\$1,376.11
R. Community Schools Programs	\$0.00
S. BOCES Services	\$64.01
T. Prekindergarten	\$0.00
District Level	
U. Special Education	\$18,214.57

X. Community Schools Programs	\$0.00
Y. BOCES Services	\$466.54
Z. Prekindergarten	\$0.00

Exclusions: What other spending is not included in the per pupil amounts shown above?

The final section represents total expenditures, with the following exclusions that were not included in the per pupil expenditure calculations above: transportation, tuition, debt service, and other.

“Other Exclusions” include expenditures such as tuition for students attending BOCES full-time, services provided to nonpublic or charter schools, prekindergarten payments to community-based organizations, and community services.

School districts reported expenditures for this report separately from the ST-3 report and may not match the ST-3 report.

District Expenditures Excluded	SCARSDALE UFSD
1. Transportation	\$4,903,335.00
